

Press release

SEFE to strengthen Europe's energy security with open tender for LNG deliveries

- **Tender covers medium-term deliveries into north-west Europe**
- **DES cargoes scheduled for 2027-2036**
- **SEFE proactively strengthens Europe's security of supply**

[Berlin, Germany; 30 March 2026] SEFE announces a tender for medium-term LNG deliveries covering the period 2027 to 2036, which is set to be launched tomorrow. The tender is for DES (Delivered Ex-Ship) LNG cargoes, primarily into north-west European terminals. Contract durations will range from one to ten years.

The tender is open to both LNG producers and portfolio players, with deliveries from successful counterparties set to start as early as 2027.

Frédéric Barnaud, SEFE's CCO, said: "With this LNG tender, we want to engage the market, aiming to mitigate supply disruptions in the Middle East and strengthen Europe's security of supply, while complementing our recent long-term LNG deals, including that with Argentina."

About SEFE

SEFE is an international energy company anchored in Europe, delivering energy solutions that ensure reliable and affordable supply. Our activities span the entire energy value chain – from origination and trading to sales, transport and storage. With decades of trading expertise and a growing LNG portfolio, SEFE is one of Europe's leading suppliers to industrial customers, providing more than 200 TWh of gas and power each year. We supply over 50,000 clients, from small businesses to municipalities and multinational organisations. By investing in clean energies, we support our customers on their decarbonisation journey and contribute to the energy transition. SEFE employs over 2,000 people worldwide and is owned by the Federal Government of Germany.

Securing energy – now and for the future.
